Vendor Contract Renewal Tracker

Review this tracker every week. The date that matters is the decision-by date, which is the contract end date minus the notice period: after that date, the renewal may no longer be a decision you can still change. Act on any row whose decision-by date is approaching before that date passes.

1. Contract renewal register One row per contract. Keep this register as the single record; do not keep a second copy elsewhere, or the two copies will disagree.

Contract reference	Supplier legal name	Service or goods covered	Contract owner	Contract start date	Contract end date	Notice period	Decision-by date	Auto-renewal applies	Current annual value	Renewal decision	Status
[Contract reference one]	[Legal name of supplier one]	[Service or goods covered by contract one]	[Name of owner of contract one]	[Start date of contract one]	[End date of contract one]	[Notice period for contract one]	[Decision-by date for contract one]	[Whether auto-renewal applies to contract one]	[Current annual value of contract one]	[Renewal decision for contract one]	[Status of contract one]
[Contract reference two]	[Legal name of supplier two]	[Service or goods covered by contract two]	[Name of owner of contract two]	[Start date of contract two]	[End date of contract two]	[Notice period for contract two]	[Decision-by date for contract two]	[Whether auto-renewal applies to contract two]	[Current annual value of contract two]	[Renewal decision for contract two]	[Status of contract two]
[Contract reference three]	[Legal name of supplier three]	[Service or goods covered by contract three]	[Name of owner of contract three]	[Start date of contract three]	[End date of contract three]	[Notice period for contract three]	[Decision-by date for contract three]	[Whether auto-renewal applies to contract three]	[Current annual value of contract three]	[Renewal decision for contract three]	[Status of contract three]
[Contract reference four]	[Legal name of supplier four]	[Service or goods covered by contract four]	[Name of owner of contract four]	[Start date of contract four]	[End date of contract four]	[Notice period for contract four]	[Decision-by date for contract four]	[Whether auto-renewal applies to contract four]	[Current annual value of contract four]	[Renewal decision for contract four]	[Status of contract four]

2. Renewal action log Record every decision step separately from the register above, so the history of each renewal can be followed even after the register row is updated.

Date	Contract reference	Action taken	Taken by	Outcome and next step
[Date of renewal action one]	[Contract reference for renewal action one]	[Description of renewal action one]	[Name of person who took renewal action one]	[Outcome and next step from renewal action one]
[Date of renewal action two]	[Contract reference for renewal action two]	[Description of renewal action two]	[Name of person who took renewal action two]	[Outcome and next step from renewal action two]
[Date of renewal action three]	[Contract reference for renewal action three]	[Description of renewal action three]	[Name of person who took renewal action three]	[Outcome and next step from renewal action three]

3. Summary
